ONE HUNDRED THIRTEENTH CONGRESS

Congress of the United States

House of Representatives

COMMITTEE ON ENERGY AND COMMERCE

2125 RAYBURN HOUSE OFFICE BUILDING WASHINGTON, DC 20515-6115

Majority (202) 225-2927 Minority (202) 225-3641

February 4, 2014

Mr. Calvin M. Dooley President and Chief Executive Officer American Chemistry Council 700 Second St., NE Washington, DC 20002

Mr. Andy Igrejas Director Safer Chemicals Healthy Families 1050 30th St. NW Washington, DC 20007

Dear Mr. Dooley and Mr. Igrejas:

It has come to our attention that in 2011, the American Chemistry Council and the Safer Chemicals Healthy Families coalition sat down in a series of mediated discussions with the Meridian Institute on the topic of reform of the Toxic Substances Control Act.

We understand that this process resulted in identifying certain areas of agreement and that the results were documented in a memorandum prepared by the Meridian Institute.

We are writing to request that you provide us with this document. The Committee has had a number of hearings on the topic of TSCA reform. Understanding where industry and public health groups were able to find areas of agreement might provide a blueprint for legislative success.

Please provide the document no later than February 10, 2014.

Mr. Calvin M. Dooley Mr. Andy Igrejas February 4, 2014 Page 2

Thank you for your assistance with this matter.

Sincerely,

Henry A. Waxman Ranking Member Paul D. Tonko Ranking Member

Subcommittee on Environment

and the Economy
